Suggestions and Comments

Sr. No	Suggestions and Comments received through the students feedback
1	Encourage students in research and publication of papers, work on innovation driven project.
2	Need to include advance software related to design work.
3	To Encourage in participate in coding challenges and technical competition.
4	Improve sports facilities.
5	Personality development programmes should be arranging every week.
6	Need to ask student that given topic was understood or not.
7	Every classroom of this college should have its own projector.
8	Improvement in institutes in structure.
9	To arrange a greater number of cultural activities.
10	More practical knowledge should be given.
11	Curriculum is good for solving analytical problem.
12	Hands on training should be given to the students.

Date: 22/02/25

Teacher's Feedback Form

Name of the Faculty: Prof. Vinayak S. Patil

Academic Year: 2024-25

Branch: Civil Engg.

Contact No: 8308842332

The feedback form is intended to collect information relating to your satisfaction towards the curriculum. Teaching – Learning process, academic performance and overall quality. The information provided by you will be kept confidential and will be used as important feedback for overall quality improvement of institution.

Please mark a tick '✓' in the appropriate cell for every statement.

Your responses below are for purpose of evaluation

4 - Strongly Agree

3 - Agree

2 - Neutral

1 - Disagree

Sr. No.	Particular	Strongly Agree	Agree	Neutral	Disagree
1	Rate your opinion on the relevancy/ sufficiency of the courses on latest technology trends.	✓			
2	Does the curriculum have good mix of theory and laboratory aspects of courses?		✓		
3	Rate the liberty you are given to contribute your ideas in course revision, curriculum design, development and innovative pedagogical initiatives	✓			
4	Does the curriculum include value added courses/ soft skill training/ domain specific electives for enhancing constructive learning.	✓			
5	Rate your satisfaction on the process followed for the periodic curriculum revision by the institution		✓		
6	Your view on whether the experiences gained through Projects/ Internships/ certifications facilitated more Employability skills/ Communication skills/ confidence in students.	✓			
7	Does the curriculum have scope for acquiring strong knowledge and intellect on the specific domains through electives/CBCS/ Value Added Courses/ Certifications, etc.	✓			
8	Your opinion on the various platforms and opportunities facilitated by the Institution to achieve your goals.	✓			
9	Does the curriculum clearly state the learning outcomes and the process of assessment and evaluation?		✓		
10	Are the academic initiatives of the department contributing towards achieving the Mission and Vision of the institution.	✓			

Suggestions (If any): Need latest updated softwares.

3. Rate the liberty you are given to contribute your ideas in course revision, curriculum design, development and innovative pedagogical initiatives

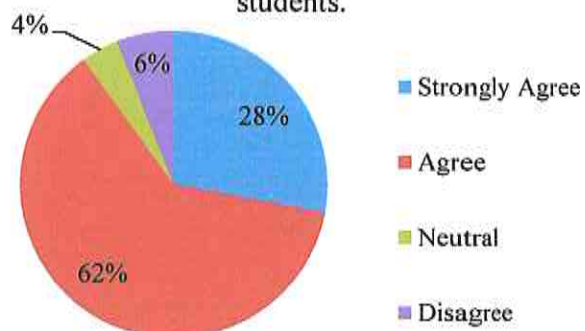

4. Does the curriculum include value added courses/ soft skill training/ domain specific electives for enhancing constructive learning.

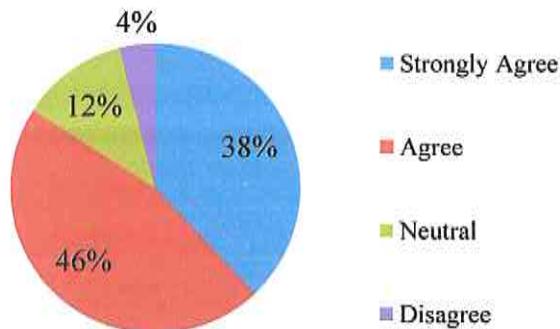

5. Rate your satisfaction on the process followed for the periodic curriculum revision by the institution

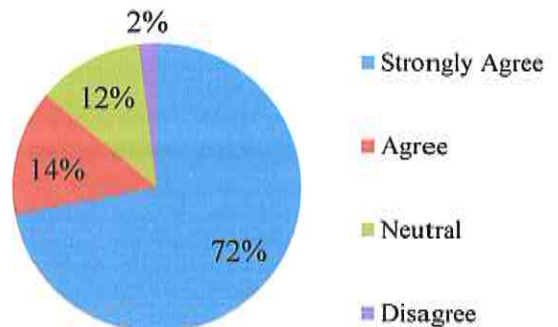

6. Your view on whether the experiences gained through Projects/ Internships/ certifications facilitated more Employability skills/ Communication skills/ confidence in students.

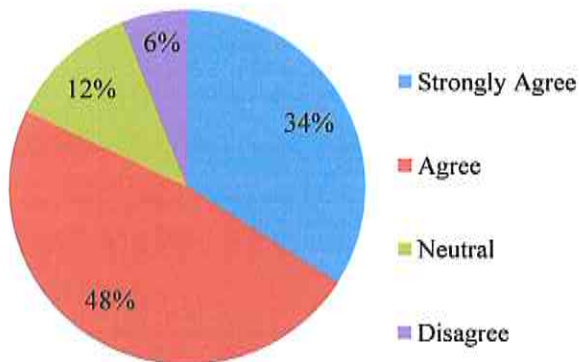

7. Does the curriculum have scope for acquiring strong knowledge and intellect on the specific domains through electives/CBCS/ Value Added Courses/ Certifications, etc

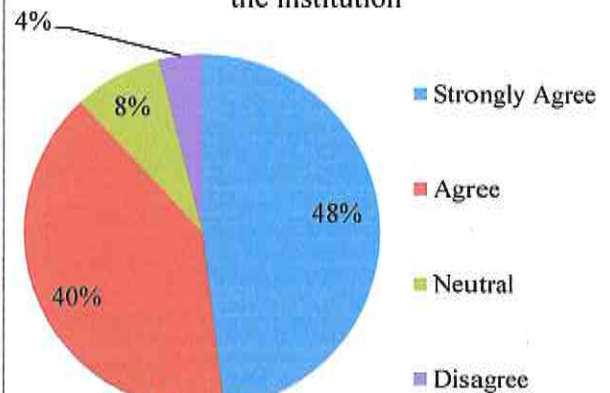

8. Your opinion on the various platforms and opportunities facilitated by the Institution to achieve your goals.

9. Does the curriculum clearly state the learning outcomes and the process of assessment and evaluation?

10. Are the academic initiatives of the department contributing towards achieving the Mission and Vision of the institution

Academic Year 2024-25

Suggestions and Comments

Sr. No	Suggestions and Comments received through the teachers feedback
1	Labs and assignment should focus on theoretical understanding rather than real world application.
2	CAD related subject should be added from 3rd semester.
3	Need to include software for transportation engineering.
4	Need to increase GT Practicals.
5	Focus on theoretical understanding rather than real word applications or industries standard tools.
6	Need more faculty collaboration with industry partners to bring in real world Engineering projects for students.
7	More important should be given areas like power systems control system telecommunication and microelectronics.
8	Update the syllabus according to the industrial requirement.
9	Need to include more information on subject such as renewal energy embedded systems robotics and communication system.
10	Weightage for practical should be increased.
11	Strong focus should be given on industry relevant technical skills such as CAD design finite element analysis and simulation software.
12	More subjects should be added in the fields like solar power and wind energy.

Alumni Feedback Form

Name of the Alumni: Ranjit Patil

Branch: Civil Engineering

The purpose of this survey is to obtain alumni input on the quality of education they received and the level of preparation they had at institute. The information provided by you will be kept confidential and will be used as important feedback for overall quality improvement of institution.

Please mark a tick '✓' in the appropriate cell for every statement.

Your responses below are for purpose of evaluation					
4 - Strongly Agree		3 - Agree	2- Neutral	1 - Disagree	
Sr. No.	Particular	Strongly Agree	Agree	Neutral	Disagree
1	Rate your opinion on the relevancy/ sufficiency of the courses meeting the industry requirements?	✓			
2	Rate whether the experiences gained through projects/ internships/ certifications facilitated more employability skills/ communication skills/ confidence in you.	✓			
3	How effective is the Curriculum in developing analytical and problem-solving skills		✓		
4	Does the curriculum include value added courses/ soft skill training/ domain specific electives for enhancing constructive learning.	✓			
5	Rate the scope of the syllabus in enhancing entrepreneurship skills/ lifelong learning/ human values and ethics.		✓		
6	Rate the scope of the curriculum in developing the following attributes - creativity, leadership, innovation, self-motivation, workplace ethics, social responsibility		✓		
7	The curriculum facilitates in acquiring the learning outcomes of the program of study.	✓			
8	Your opinion on the various platforms and opportunities facilitated by the Institution to achieve your goals.		✓		
9	Is the curriculum facilitating enhancement of practical competencies as needed by the industry?	✓			
10	Rate your participation in the various academic initiatives of the Institution.	✓			

Suggestions (If any): New design software should be added in to syllabus.

Suggestions and Comments

Sr. No	Suggestions and Comments received through the Alumnis feedback
1	Need to develop EDC cell.
2	On field training should be included into the syllabus.
3	Encourage integrated projects that combine hardware and software component such as IOT systems.
4	Increase hands on experience by incorporating more lab sessions coding assignments into the curriculum to enhance student's practical skills.
5	Introduce specialized models on trending fields like VLSI design Quantum computing and wearable technology to align with industry advancements.
6	Important should be given on industry relevant technical knowledge and skills.
7	MATLAB based Practicals should be added into the syllabus.
8	Final year project should be based on real world challenges and incorporate modern tools software and technologies.
9	Arrange more number of industrial visits.
10	Increase collaboration with industries for internships live projects and even give lectures.
11	Modify the lab and classrooms as per norms
12	Industrial training should be arranged at every semester.

Employer's Feedback Form

Name of the Respondent with Designation: Mr. Vinay Patil

Name of the Industry/Organization: Kedar Construction

Email Id: Kedarconstructions09@gmail.com, Contact No: 8007590909

The feedback form is intended to collect information relating to your satisfaction towards the curriculum. Teaching – Learning process, academic performance and overall quality. The information provided by you will be kept confidential and will be used as important feedback for overall quality improvement of institution.

Please mark a tick '✓' in the appropriate cell for every statement.

Your responses below are for purpose of evaluation			
4 - Strongly Agree	3 - Agree	2- Neutral	1 - Disagree

Sr. No.	Particular	Strongly Agree	Agree	Neutral	Disagree
1	Rate your opinion on the relevancy/ sufficiency of the courses meeting the industry requirements?	✓			
2	Rate the applicability of the tools/activities/case studies presented in the curriculum facilitating more employability skills among graduates.		✓		
3	How effective is the Curriculum in developing analytical and problem-solving skills.	✓			
4	Does the curriculum include value added courses/ soft skill training/ domain specific electives for enhancing constructive learning.	✓			
5	Rate the scope of the syllabus in enhancing entrepreneurship skills/ lifelong learning/ human values and ethics.	✓			
6	Curriculum reflects current trends and practices in the respective disciplines.		✓		
7	Does the curriculum effectively cover topics on fundamentals and latest technology?	✓			
8	The academic initiatives of the institution contribute towards achieving the Mission and Vision of the institution	✓			
9	Rate the proficiency of our graduates to adapt to industry requirements	✓			
10	The curriculum facilitates an overall holistic development of the student?	✓			

Suggestions (If any): More practical knowledge should be given.

Suggestions and Comments

Sr. No	Suggestions and Comments received through the Employers feedback
1	Some weightage should be given on verbal and nonverbal communication in the syllabus.
2	Give importance to site visits.
3	Subject related to structural health monitoring and structural audit should be added into the curriculum.
4	Final year project should be based on real world challenges and incorporated modern tools software and technology.
5	To encourage in participate in coding challenges and technical competition at national or global level.
6	Industry oriented syllabus should be implemented.
7	To encouraged the students to work on innovative project.
8	More important should be given area like power system control system telecommunications and microelectronics.
9	Importance should be given on industry relevant technical knowledge and skills.
10	More focus should be given on emerging technology like AI in engineering 3D printing and renewable energy.
11	Programs like CAD, CAE and FEA should be given more weightage.
12	Need to develop training and placement cell.

Action taken report on Feedback received from Students, Teachers, Alumni and Employers on the syllabus and its transaction at the institute

Sr. No	Feedback received	Action taken
1	CAD related subject should be added from 3rd semester.	Communicated with the BOS chairman, department of Civil Engineering, Shivaji University, Kolhapur.
2	Need to include software for transportation engineering.	
3	E Tab software should be added into the syllabus	
4	Need to increase GT Practicals.	
5	Weightage for practical should be increased.	
6	Need to include advance software related to design work.	
7	On field training should be included into the syllabus.	
8	Subject related to structural health monitoring and structural audit should be added into the curriculum.	
9	Give importance to site visits.	
10	Need to develop EDC cell.	Frequently arranging Guest lectures by company founders, alumni entrepreneurs, CEOs etc. to all students.
11	Encourage students in research and publication of papers, work on innovation driven project.	Planning to conduct a college-level research symposium where students present their findings.
12	Modify the lab and classrooms as per norms	Already are as per norms and some are under construction.

Action taken report on Feedback received from Students, Teachers, Alumnis and Employers on the syllabus and its transaction at the institute

Sr. No	Feedback received	Action taken
1	To Encourage in participate in coding challenges and technical competition.	Communicated with the BOS chairman, department of Computer Science and Engineering, Shivaji University, Kolhapur.
2	Focus on theoretical understanding rather than real word applications or industries standard tools.	
3	Personality development programmes should be arranging every week.	
4	Increase hands on experience by incorporating more lab sessions coding assignments into the curriculum to enhance student's practical skills.	
5	Encourage integrated projects that combine hardware and software component such as IOT systems.	
6	Need more faculty collaboration with industry partners to bring in real world Engineering projects for students.	
7	Final year project should be based on real world challenges and incorporated modern tools software and technology.	
8	To encouraged the students to work on innovative project.	3D Printing and Prototyping Lab are established.
9	Training and Placement cell should be developed.	Planning to arrange more numbe of guest lectures on interview techniques, aptitude sessions and tests for third and final yea students in college campus.
10	Improve sports facilities.	Already in progress.

Date: 28/05/2024

Action taken report on Feedback received from Students, Teachers, Alumnis and Employers on the syllabus and its transaction at the institute

Sr. No	Feedback received	Action taken
1	More important should be given areas like power systems control system telecommunication and microelectronics.	Communicated with the BOS chairman, department of Electronics and Computer Science Engineering, Shivaji University, Kolhapur.
2	Need to include more information on subject such as renewal energy embedded systems robotics and communication system.	
3	Weightage for practical should be increased.	
4	Important should be given on industry relevant technical knowledge and skills.	
5	More important should be given area like power system control system telecommunications and microelectronics.	
6	Every classroom of this college should have its own projector.	Already two smart screens are installed and planning to install four more screens.
7	Need to ask student that given topic was understood or not.	A formal feedback question for documentation is maintained.
8	To encouraged the students to work on innovative project.	Planning to conduct a college-level research symposium where students present their findings.
9	Robotics lab should be implemented as early as possible.	Plan is ready for purchase.
10	Personality development programmes should be arranged every week.	Planning for the same and will be executed very soon.

Sr. No	Feedback received	Action taken
1	Weightage for practical should be increased.	Communicated with the BOS chairman, department of Electrical Engineering, Shivaji University Kolhapur.
2	MATLAB based Practicals should be added into the syllabus.	
3	Final year project should be based on real world challenges and incorporate modern tools software and technologies.	
4	More important should be given area like power system control system telecommunications and microelectronics.	
5	Improvement in institutes in structure.	Work is going on.
6	To arrange a greater number of cultural activities.	Planned and scheduled additional cultural events in the academic calendar to ensure regular student participation.
7	Increase collaboration with industries for internships live projects and even give lectures.	Work is going on.
8	Modify the lab and classrooms as per norms	
9	Need to develop training and placement cell.	Planning to arrange a greater number of guest lectures or interview techniques, aptitude sessions and tests for third and final year students in college campus.
10	Arrange more industrial visits.	Planning for the same and will be executed very soon.
11	MSEB site visits should be arranged once in every month.	
12	Every classroom of this college should have its own projector.	Already two smart screens are installed and planning to install four more screens.

Action taken report on Feedback received from Students, Teachers, Alumni and Employers on the syllabus and its transaction at the institute.

Sr. No	Feedback received	Action taken
1	More practical knowledge should be given.	Communicated with the BOS chairman, department of Mechanical Engineering, Shivaji University, Kolhapur.
2	Curriculum is good for solving analytical problem.	
3	Hands on training should be given to the students.	
4	Strong focus should be given on industry relevant technical skills such as CAD design finite element analysis and simulation software.	
5	More subjects should be added in the fields like solar power and wind energy.	
6	Industrial training should be arranged at every semester.	
7	More focus should be given on emerging technology like AI in engineering 3D printing and renewable energy.	
8	Programs like CAD, CAE and FEA should be given more weightage.	
9	Weightage for practical should be increased.	
10	Strong focus should be given on industry relevant technical skills such as CAD design finite element analysis and simulation software.	
11	More subjects should be added in the fields like solar power and wind energy.	
12	Modify the lab and classrooms as per norms	Already are as per norms and some are under construction.
