## Spoken Tutorial Report

This report presents a concise overview of the Spoken Tutorial Programme conducted during the Even Semester of the Academic Year 2024–25. The initiative aimed to enhance the technical proficiency of students through structured self-learning modules developed by the Spoken Tutorial Project, EduPyramids, SINE, IIT Bombay. By engaging with high-quality tutorial videos and hands-on tasks, students strengthened their knowledge of open-source tools and programming languages.

The programme enabled students to learn at their own pace while gaining skills relevant to industry expectations. Various courses were offered, and students from multiple departments actively participated and completed the assigned modules.

### Course-wise Students Enrolled

Sr. No.	Course Name	No. of Students Enrolled
1	Java	129
2	C and C++	75
3	QCAD	74
4	PHP and MySQL	101

After completing the training modules, students appeared for the Spoken Tutorial Online Examination. As per IIT Bombay guidelines, a minimum of 40% was required to qualify. The examinations were conducted smoothly with the support of departmental coordinators. Students demonstrated sincere efforts, reflecting improved conceptual and practical understanding.

The workshop on intellectual property rights aims to educate participants about the significance and intricacies of intellectual property protection. It seeks to foster an understanding of the various forms of intellectual property, including patents, trademarks, copyrights, and trade secrets, and their roles in fostering innovation, creativity, and economic development. Through interactive sessions and case studies, the workshop aims to equip attendees with practical knowledge on how to identify, protect, and manage intellectual property assets effectively, while also highlighting the importance of ethical considerations and the global landscape of intellectual property rights. Ultimately, the workshop endeavors to empower participants to navigate the complexities of intellectual property law and strategically leverage their intellectual assets for competitive advantage and societal benefit.
