### C. Pricing

#### **SaaS Offering Fee**

RWork fee is charged on Software as a Service (SaaS) model on an academic year basis as follows:

Academic Year*	Price (INR)
2023-24 & 2024-25	INR 225/- per student per academic year with minimum student guarantee of 900 students

*\*Academic Year is generally considered to start in July of each year and end in June of the subsequent year.*

*The price is not inclusive of any government taxes, the taxes will be levied as applicable from time to time. Support and maintenance is included in the subscription fee.*

*The above price is a special consideration for your institute. Hence, the institute is required to keep it highly confidential.*

#### **Subscription Term**

The subscription term begins on Thursday, August 17th, 2023, the Schedule Effective Date and ends in accordance with the Clause 6 of the RWork Software as a Service (SaaS) Agreement signed between Rsense and the Customer.

#### **Training Fee**

No training fee to be levied for the initial training of RWork as per the initial training plan.

#### **Fee for Custom Changes in the Software**

Custom changes in the software will be chargeable and to be discussed on case-to-case basis depending on the requirement.

### D. Payment Terms

50% at the start of every academic year and balance 50% within four months after the start of the academic year.

### E. Price Validity

The agreed price is valid for the period as defined in the SaaS Offering Fee above. Option will be open for Rsense to revise the price thereafter.

F. General Terms and Conditions

1. For the first time customer, filling of any past data is allowed. The customer will inform Rsense about the same in the onboarding document.
2. If the customer discontinues the subscription, it will have view and download only access for three (3) months after discontinuation. If the customer wants to subscribe again and fill the data for the years for which the subscription was discontinued, then the customer has to pay for those years as per the fees applicable.
