Formation of Student Council – Academic Year 2024–25

The institution has constituted the Student Council for the academic year 2024–25 to promote student leadership, participative management, and active involvement in academic and co-curricular activities. The council members were selected after scrutinizing their performance on various parameters, including leadership qualities, academic discipline, participation in departmental initiatives, and contributions to cultural, sports, and social activities.

The council is led by **President Ms. Shravani Kamat (NSS Representative)** and **Secretary Mr. Danish Panhalkar (Boys Representative)**. The team includes members representing cultural committees, girls and boys representatives, class representatives, the art club, sports, TPO activity cell, and faculty coordinators such as the Dean of Student Development and the Physical Director. Each member is entrusted with responsibilities aligned with their respective committees to ensure effective coordination and execution of student-related activities.

The council will support academic, cultural, and community activities throughout the year, fostering teamwork, discipline, and leadership among students.

Under their effective leadership, the Student Council successfully organized several impactful social and community-oriented activities. The students actively participated in **National Pollution Control Day at Bhadgaon, Maharashtra**, creating awareness about environmental protection and pollution prevention. The council also conducted a **Swachhta Abhiyan in Basargi, Nesari**, promoting cleanliness, hygiene, and responsible citizenship among villagers. Additionally, a **Blood Donation Camp in Basargi** was organized, encouraging students and local residents to contribute toward saving lives through voluntary blood donation.

These activities reflect the council's commitment to social responsibility, community engagement, and holistic student development. Through such initiatives, the council has strengthened the institution's quality culture by fostering leadership, cooperation, and a sense of service among students. The council will continue to support academic and social initiatives throughout the academic year.
