Respected sir,

I am writing to seek your kind permission to organize a “FDP on – Employing Industrial Quality management system for quality assurance in outcome-based education (OBE) for our teaching faculty at Dr. A.D. Shinde College of Engineering. This training aims to enhance the administrative and technical skills of our staff and improve their proficiency in performing the research tasks.

The details of the proposed program are as follows:

**Date of Program:** 19 June 2024 to 24 June 2024

**Time:** 10:30 AM onwards

**Venue:** Moksha Gundam Visveswaraya Hall

**Target Audience:** Teaching faculty

We have already identified a qualified resource person for the program who will guide the faculty in mastering the application of industrial quality management systems for achieving quality assurance in Outcome-Based Education (OBE). The program will be a hands-on session, ensuring maximum participation and practical learning.

I kindly request you to grant permission for the arrangement of this training session and provide the necessary support to ensure its successful execution.

So please consider the same and permit us.

## 1. Introduction

The Faculty Development Program (FDP) aimed to equip engineering faculty with the knowledge and skills to integrate industrial quality management practices into academic processes. This initiative sought to ensure improved quality assurance in teaching, assessment, and overall learning outcomes under the Outcome-Based Education (OBE) framework.

## 2. Brief about the FDP Program

The FDP on "Employing Industrial Quality Management System for Quality Assurance in OBE" was a highly interactive and engaging program designed for engineering faculty. It focused on introducing quality management concepts from industrial practices and their application to the education system. With a strong emphasis on practical learning, the sessions encouraged active participation and hands-on activities. Participants explored techniques for aligning teaching practices with OBE principles, ensuring effective learning outcomes. Additionally, the resource person shared valuable insights and case studies, helping faculty understand how continuous improvement strategies can enhance teaching-learning processes. The program provided a platform for discussions, sharing experiences, and fostering a collaborative approach to quality education.

---	--	---

### 3. Objectives

1. To familiarize faculty with industrial quality management systems and their relevance to OBE.
2. To introduce effective quality assurance tools for improving academic processes.
3. To align teaching practices with defined OBE learning outcomes.
4. To promote continuous improvement in teaching and assessment methods.

### 5. Highlights

- ❖ Practical exercises demonstrated the application of industrial quality management in OBE.
- ❖ Faculty learned to use quality assurance tools like feedback mechanisms and rubrics.
- ❖ Interactive discussions encouraged sharing challenges and collaborative problem-solving.
- ❖ Real-life case studies illustrated industrial quality standards in education.
- ❖ Guidance was provided on aligning course objectives with measurable outcomes.
- ❖ Participants gained actionable strategies for continuous improvement in teaching.

4. To enable participants to integrate advanced tools into their research workflows.

#### **4. Highlights**

- ❖ **Hands-On Sessions:** Participants gained practical experience in using research-focused software tools.
- ❖ **Expert Guidance:** A skilled resource person demonstrated applications in data analysis and simulations.
- ❖ **Interactive Discussions:** Faculty shared challenges and explored collaborative solutions for research.
- ❖ **Emerging Trends:** The program introduced participants to cutting-edge research software and technologies.
- ❖ **Practical Applications:** Sessions focused on real-world use cases to highlight the relevance of tools.
- ❖ **Efficiency and Accuracy:** Faculty learned methods to streamline workflows and enhance research outcomes.
- ❖ **Collaborative Learning:** The FDP encouraged idea sharing and best practice discussions among participants.
- ❖ **Actionable Insights:** Participants acquired skills to integrate advanced software into their ongoing and future research.

### **1. Introduction**

The Faculty Development Program (FDP) on "**Scope for Research Using Advanced Software**" focused on enhancing faculty expertise in leveraging modern software tools for research. It aimed to equip participants with skills to streamline research processes, analyze data effectively, and produce impactful outcomes.

### **2. Brief about the FDP Program**

The FDP on "Scope for Research Using Advanced Software" was designed to empower faculty with practical knowledge of advanced tools used in research. The program included hands-on sessions, expert lectures, and interactive discussions to explore the potential of software in simplifying complex research tasks. The resource person demonstrated applications in data analysis, simulations, and report generation, emphasizing their relevance across diverse academic disciplines. Participants were introduced to tools that support innovation, accuracy, and efficiency in research methodologies. The program provided opportunities for collaborative learning, enabling participants to share ideas, address challenges, and understand emerging trends in research software applications. By the end of the FDP, faculty were well-prepared to incorporate advanced tools into their research practices.

### **3. Objectives**

1. To introduce advanced software tools for research applications.
2. To enhance data analysis and visualization skills using modern technologies.
3. To explore simulation and modeling techniques for innovative research.

Subject: Permission for arranging FDP on – **"Innovations in Product Development"**

Respected sir,

I am writing to seek your kind permission to organize a **"FDP on – Innovations in Product Development"** for our teaching faculty at Dr. A.D. Shinde College of Engineering. This training aims to enhance the administrative and technical skills of our staff and improve their proficiency in performing the research tasks.

The details of the proposed program are as follows:

**Date of Program:** 07-01-2024

**Time:** 10:30 AM onwards

**Venue:** Moksha Gundam Visveswaraya Hall

**Target Audience:** Teaching faculty

We have already identified a qualified resource person for the program who will guide the faculty in mastering **the application of industrial innovations in product development**. The program will be a hands-on session, ensuring maximum participation and practical learning.

I kindly request you to grant permission for the arrangement of this training session and provide the necessary support to ensure its successful execution.

So please consider the same and permit us.

Yours faithfully

### **1. Introduction**

The Faculty Development Program (FDP) on "Innovations in Product Development" aimed to enhance the knowledge and skills of faculty in the field of innovative product design and development. The program focused on equipping participants with modern tools, techniques, and methodologies to foster creativity and innovation.

### **2. Brief about the FDP Program**

The FDP on "Innovations in Product Development" was designed to empower faculty with the expertise required to stay updated with current trends in product innovation. The sessions included interactive lectures, hands-on activities, and case studies that emphasized practical approaches to product development. A renowned resource person shared valuable insights into modern design practices, prototyping, and problem-solving techniques. The program also provided a platform for faculty to explore advanced concepts such as user-centered design, sustainable development, and emerging technologies in product innovation. Participants engaged in collaborative discussions, enhancing their ability to guide students and apply innovative strategies in academic projects. The FDP ensured a balance between theoretical knowledge and practical applications for a well-rounded learning experience.

### **3. Objectives**

1. To introduce modern tools and techniques for innovative product development.
2. To foster creativity and problem-solving skills in designing and prototyping.
3. To explore sustainable and user-centered approaches to product design.
4. To enable participants to integrate emerging technologies into product development.

#### **4. Highlights**

- ❖ **Interactive Sessions:** Faculty participated in dynamic lectures and discussions led by an expert resource person.
- ❖ **Hands-On Learning:** Practical activities focused on prototyping, design tools, and problem-solving techniques.
- ❖ **Case Studies:** Real-world examples showcased successful innovations in product development.
- ❖ **Emerging Technologies:** Participants explored the integration of advanced technologies in product design.
- ❖ **Collaborative Environment:** Group discussions encouraged sharing of ideas and best practices among participants.
- ❖ **Focus on Sustainability:** The program highlighted the importance of sustainable and user-focused design principles.
- ❖ **Actionable Insights:** Faculty gained practical knowledge to incorporate innovative strategies in their teaching and research.

The workshop on intellectual property rights aims to educate participants about the significance and intricacies of intellectual property protection. It seeks to foster an understanding of the various forms of intellectual property, including patents, trademarks, copyrights, and trade secrets, and their roles in fostering innovation, creativity, and economic development. Through interactive sessions and case studies, the workshop aims to equip attendees with practical knowledge on how to identify, protect, and manage intellectual property assets effectively, while also highlighting the importance of ethical considerations and the global landscape of intellectual property rights. Ultimately, the workshop endeavors to empower participants to navigate the complexities of intellectual property law and strategically leverage their intellectual assets for competitive advantage and societal benefit.

The objective of writing research articles related to faculty development programs is multifaceted. These objectives aim to contribute to the academic community, enhance the quality of quality of paper publication. Here are some key objectives:

**1. Enhance Research Skills:**

- Develop and improve faculty members' research skills, including literature review, data collection, analysis, and interpretation.
- Foster a research-oriented mindset among faculty members.

**2. Promote Publication Culture:**

- Encourage a culture of academic publication within the institution.
- Provide faculty members with the tools and motivation to contribute to scholarly journals and other academic outlets.

**3. Improve Writing Proficiency:**

- Enhance writing proficiency by focusing on clarity, conciseness, and coherence in research articles.
- Provide guidance on proper citation, referencing, and adherence to academic writing standards.

Subject: Permission for arranging FDP on – **"Python with Data Science"**

Respected sir,

I am writing to seek your kind permission to organize a **"FDP on – Python with Data Science"** for our teaching faculty at Dr. A.D. Shinde College of Engineering. This training aims to enhance the administrative and technical skills of our staff and improve their proficiency in performing the research tasks.

The details of the proposed program are as follows:

**Date of Program:** 29 Feb 2024 to 02 Mar 2024

**Time:** 10:00 am to 5:00 pm

**Venue:** Computer Programing lab, DADSCOE

**Target Audience:** Teaching faculty

We have identified a qualified resource person for the program who will guide the faculty in mastering the use of Python for Data Science applications. The program will be a hands-on session, designed to ensure active participation and practical learning for effective skill development.

I kindly request you to grant permission for the arrangement of this training session and provide the necessary support to ensure its successful execution.

So please consider the same and permit us.

A one-day training session on **"Office Automation"** was conducted to enhance participants' proficiency in using essential office automation tools, including Microsoft Word, Excel, and PowerPoint. The session aimed to provide hands-on experience and practical tips for effectively utilizing these tools in academic, professional, and personal settings.

### **Brief About the Training:**

The "One-Day Training Session on Office Automation" was held on 10/11/2023 at the Dr. Mokshagundam Visvesvaraya Seminar Hall, DADSCOE, Bhadgaon. The session saw participation from 14 Non-Teaching Staff.

Participants gained practical knowledge of office automation tools and learned how to use them to enhance productivity. The resource person demonstrated techniques for creating professional documents, analyzing data, and designing engaging presentations.

In addition to technical training, the session highlighted the importance of mastering automation tools in academic and professional contexts. The training concluded with an interactive Q&A session, addressing participants' queries comprehensively.

Subject: Permission for arranging - "R Work"

Respected sir,

I am writing to seek your kind permission to organize a "R Work -Training Program" for our non-teaching faculty at Dr. A.D. Shinde College of Engineering. This training aims to enhance the administrative and technical skills of our staff and improve their proficiency in using MS Office tools for day-to-day tasks.

The details of the proposed program are as follows:

**Date of Program:** 10 January 2024

**Time:** 10:30 AM onwards

**Venue:** Sunita Willaims

**Target Audience:** Non-teaching faculty

We have already identified a qualified resource person for the program who will guide the faculty in mastering R Work applications such as R Work, student admit, PRN. The program will be a hands-on session, ensuring maximum participation and practical learning.

I kindly request you to grant permission for the arrangement of this training session and provide the necessary support to ensure its successful execution.

So please consider the same and permit us.

Permitted

## **Introduction**

A training session on the "Online University Portal" was organized to enhance the proficiency of non-teaching staff in effectively using the portal for managing academic and administrative tasks. This session aimed to provide hands-on experience in navigating the portal's features and utilizing its functionalities to streamline work processes.

**Objective:** To familiarize staff with the university portal and improve their efficiency in handling student and administrative data.

## **Overview of the Training**

The session covered the essential components of the online university portal, focusing on:

### **User Account Management:**

- ❖ Logging in securely and managing credentials.
- ❖ Setting up user profiles and roles.

### **Student Data Management:**

- ❖ Viewing and updating student records.
- ❖ Generating academic reports and transcripts.
- ❖ Administrative Functions:
  - ❖ Managing course schedules and faculty allocations.
  - ❖ Processing attendance records and examination details.

### **Communication Tools:**

- ❖ Sending notifications and circulars to students and faculty.
- ❖ Handling queries through the portal.
- ❖ Document Management:
  - ❖ Uploading and downloading official documents.
  - ❖ Using the portal for fee management and online payments.

## **Key Highlights**

- ❖ Hands-on training with real-time scenarios to build confidence in portal usage.
- ❖ Interactive Q&A session addressing challenges faced by participants.
- ❖ Tips and tricks for error-free operations and troubleshooting common issues.

## **Introduction**

A one-day training session on "MS-Office" was conducted to enhance participants' proficiency in using Microsoft Office applications, including Word, Excel, and PowerPoint. The session aimed to provide hands-on experience and practical tips for effectively utilizing these tools in academic, professional, and personal settings.

## **Brief about the Training**

The "One Day Training Session on MS-Office" was held on 11/09/2023 at the **Sunita Williams Classroom, DADSCOE, Bhadgaon**. This session, saw participation from 14 Non Teaching Staff.

The participants gained practical knowledge of **Microsoft Word, Excel, and PowerPoint** and learned how to utilize these tools effectively to enhance productivity. The resource person shared tips and techniques for designing professional documents, analyzing data in spreadsheets, and creating impactful presentations.

In addition to the technical training, the resource person shared insights from their professional experiences, emphasizing the importance of mastering these skills in academic and professional contexts. The session concluded with an interactive Q&A segment, where participants' doubts were addressed comprehensively.
